

## How to create an EU Login

EU Login is the entry gate to sign in to different European Commission services and/or other systems. EU Login verifies your identity and allows recovering your personal settings, history and access rights in a secure way.

It's easy to create an EU Login account with your email address using the self-registration page. The tutorial below guides you on how to create an EU Login.

To create an account, you need to access the EU Login authentication page.

1. Click on the **Log in** button on the top right of the EU Academy.

2. Click on the **Create an account** link.

The screenshot shows the EU Login interface. At the top left, it says "EU Login" with the tagline "One account, many EU services". On the top right, there is a language selector set to "English (en)". The main heading is "EU Academy requires you to authenticate" followed by "Sign in to continue". Below this is a white box containing a form with the label "Enter your e-mail address or unique identifier". A blue circle highlights the "Create an account" link located below the input field. To the right of the input field is a blue "Next )" button. Below the form, there is an "Or" separator and several social login options: "Sign in with your eID" (with a globe icon), "Sign in with Facebook" (with the Facebook 'f' icon), "Sign in with Twitter" (with the Twitter bird icon), and "Sign in with Google" (with the Google 'G' icon). At the bottom of the white box, it says "Easy, fast and secure: download the EU Login app" with "Download on the App Store" and "GET IT ON Google Play" buttons. The footer contains navigation links: "About EU Login", "Cookies", "Privacy Statement", "Contact", and "Help". It also features the "European Union" and "EU institutions" logos, the version number "9.3.1-dn3p | 5 ms", and the "Powered by European Commission" logo.

3. Fill in the provided form with your personal details. All fields need to be filled.

- First name (can contain letters in any alphabet)
- Last name (can contain letters in any alphabet)
- E-mail (an e-mail address that you have access to)
- Confirm e-mail (type your e-mail address again to make sure it is correct)
- E-mail language (the language used when EU Login sends you e-mails for validating your identity or for notifying you about security events affecting your account)
- Check the privacy statement (click on the link) and tick the box to accept the conditions
- Finally, click on the **Create an account** button to proceed

The screenshot shows the 'EU Login' interface with the 'Create an account' form. The header includes 'EU Login' and 'One account, many EU services', along with a language selector set to 'English (en)'. Navigation links for 'Create an account' and 'Login' are present. The form itself contains fields for 'First name', 'Last name', 'E-mail', and 'Confirm e-mail', followed by an 'E-mail language' dropdown menu. A checkbox for accepting the privacy statement is located below the language selection. At the bottom of the form are 'Create an account' and 'Cancel' buttons. The footer of the page contains links for 'About EU Login', 'Cookies', 'Privacy Statement', 'Contact', and 'Help', along with logos for the European Union and European Commission, and a performance indicator '9.3.1-dn3p | 3 ms'.
